## Ashok Industries

### Multi Layer & Monolayer Extrusion Plant

#### Mono Layer Film Plant

Screw Diameter : 32, 40, 45, 55 mm  
Layflat : 127 mm to 1100mm  
Out Put : 40 kg to 100 kg

#### Multi Layer Extrusion Film Plant Three Layer

Screw Diameter : 40, 45, 55  
(Three Layer)  
Layflat : 600-1700mm  
Out Put : 100kg to 200kg

#### Application of HM-HDPE, LD, LLDP Films

- > Vest Bags (Zabla)
- > Heavy Duty Bags
- > Shopping Bags
- > Refus Bags
- > Liners
- > Textile & Garments

#### Special Feature

- > Gas Nitritded Screw and Barrel > Helical Gear Box Spiral Die > Ac drive for extruder and Take Up
- > Surface Winder > Film embosing (RimZim) > Arrangement > High Output
- > Low power consumption > Space saving compact model > Improved efficiency
- > Cold Star Preventer > Alarm for failur of machine

## PLASTINDIA 2015 NEXT PREFERRED PLASTICS BUSINESS DESTINATION

The Southern region of India is very important for Indian Plastic Industry. Two PVC and one Polystyrene plant are operating in South India. This region now leads in Thermosets and Composites. It is also a hub of PVC pipes. Further, South India also happens to be a hub of automobile industries and there is a high potential for growth of plastics in auto parts segment. Also, Karnataka is emerging as the centre of Raffia, while pharmaceutical industries are flourishing in Andhra Pradesh, with a huge potential growth for packaging sector.

Tamil Nadu consumes over 7 Lakh 50,000 tonnes of plastics, generating an income of over Rs. 15,000 crore in plastics related businesses, says the recent survey of Tamil Nadu Plastic Manufacturer's Association. With respect to small-scale sector, there are more than 6,000 plastic enterprises in the state offering direct and indirect job opportunities to over 10 lakh people.

Chennai is to have an integrated plastic industrial park. Tamil Nadu universities are producing around 800 plastic engineering professionals a year, offering engineering courses that include special programmes in plastic processing and designing.

Particularly, the Central Institute of Plastics Engineering and Technology in Chennai is in the forefront in offering plastic related courses in India.

Backed by a huge workforce of economical yet skilled manpower; a high emphasis on quality as well as value for money; and a favourable regulatory environment, India's plastic processing sector is surging. The industry has surplus processing capability to cater to more business and is constantly upgrading itself on technology and atomisation front to keep pace with the developed nations. India - the globe's most lucrative business destination is growing bigger by the day. Plastics - as the key material for man's progress today - will be a key beneficiary of this tremendous growth surge. PLASTINDIA 2015 will be the gateway to this profusion of unlimited possibilities as India is poised to become the next global hub for plastics. All in all, PLASTINDIA 2015 promises opportunities for growth and success to anyone associated with or willing to associate with the wonderful world of plastics.

## PLASTINDIA FOUNDATION HOSTED INDUSTRY NET WORKING DINNER DURING CHINAPLAS

Plastindia Foundation has had high powered delegation consisting of Mr. Subhash Kadakia, President Plastindia Foundation, Chairman of National Executive Council, Mr. J.R. Shah and also its Chairman of National Advisory Board (NAB) Mr. M.N. Patel, their young & energetic vice president Mr. Rajeev Chitalia and their treasurer Mr. Rajiv Raval in Chinaplas 2<sup>nd</sup> biggest exhibition on plastics in Shanghai from 23<sup>rd</sup> to 26<sup>th</sup> April 2014. All of them have had several rounds of meetings with CEOs and senior executives of Plastindia's Partners like Messe Dusseldorf GmbH (Germany), Adsale Exhibition Services Ltd. (Hongkong) and Pilatus International Co. Ltd (Taiwan). They also had one to one meetings with British Plastics Foundation, Taiwan Association of Machinery Industry and many more.

Plastindia Foundation was also privileged to host industry net working dinner on 25<sup>th</sup> April 2014 and were also given a place of pride to participate in a seminar organized by Chinaplas on 26<sup>th</sup> April 2014 to share its view on investment opportunities in India. Plastindia hosted probably for the first time in an international arena a formal dinner inviting all its overseas partners Messe Dusseldorf GmbH (Germany), Adsale Exhibition Services Ltd. (Hongkong) and Pilatus International Co. Ltd (Taiwan).on 25<sup>th</sup> April 2014 at Radisson Blue and large number of delegates from different parts of globe

In spite of inclement weather there was a very smart turnout of invited guests. Mr. Indrajit Pal, IAS,

Secretary Department of Chemicals & Petrochemicals (DCPC) from Ministry of Chemical & Fertilizers Government of India welcomed over large number of delegates not only from our three Partners but also importers, leaders of Polymer industry from NE Asia, SE Asia, ME Asia and also from Israel, USA and Europe. Mr. Pal informed gathering about Government of India's Commitment not only to support Plastindia an apex organization of Plastics industry but also for furtherance of petrochemicals industry in general and plastics industry in particular.

He briefed delegates about Plastindia being an organization BY THE INDUSTRY; FOR THE INDUSTRY & OF THE INDUSTRY. He mentioned that it is probably unique that imminent leaders and senior executives of plastic industry of India get together in a totally selfless and committed manner to make such mega event happen every Third year. It is now third largest exhibition in plastic Industry of the world after K in Germany and Chinaplas in China.

Mr. Pal highlighted that Plastindia Foundation does not merely organizes exhibition & seminar every 3<sup>rd</sup> year but also is in the process of establishing a world class Plastindia International University. It also helps promotion of Plastic in agriculture, addresses issues related to environment and recycling etc.

Mr. Pal shared his thoughts about growth potential of Plastics industry in India where present per capita consumption is poised to grow from 9.5kgs to over 20kgs by 2020. Consumption of raw material will increase from present 12 million MT to over 20million MT also by 2020. India will become 3<sup>rd</sup> largest consumer of plastics in the world.

He drew attention of changing demography of India where the median age will be 24 years consisting of highly educated English speaking work force at affordable compensation.

Plastindia foundation's booth in Chinaplas 2014 became a focal point of visitors not only of past but also of prospective exhibitors. It was heartening to witness intense interest shown by leading raw material suppliers, machinery manufacturers from China as also from Europe.

## PLASTIVISION ARABIA CURTAIN RAISED ALONG WITH ARABIA MOLD AND PRINT PACK ARABIA

The Plastivision Arabia, Arabia Mold, Print Pack Arabia, and the International Conference for Plastics Conversion were jointly inaugurated on Monday by Sheikh Mohammad Bin Saud Bin Sultan Al Qassimi, Chairman of the Sharjah Department of Central Finance and Indrajit Pal, IAS, Secretary, Department of Chemicals & Petrochemicals, India.

A huge number of companies from the plastics industry has descended on Sharjah to take part in the region's only multi-industry trade event at Expo Centre, and the one loud message that echoes from most participants is: "Know plastics, do not say no to plastics."

Ahmed Mohammed Al Midfa, Chairman, Sharjah Chamber of Commerce and Industry; Saif Mohammed Al Midfa, CEO, Expo Centre Sharjah and other senior government officials accompanied the dignitaries around the pavilion.

"The regional industry is driven by growing economies and supported by core sectors such as real estate, retail and new projects. A rise in marketing services and advertising also boosts the industry. The industry here is evolving continually, as packaging buyers continue to search for ways to engage with customers using innovative methods," said Saif Mohammed Al Midfa.

"Acquiring latest technologies will be key for the sector to cash in on these positive fundamentals. The Print Pack Arabia will be a comprehensive sourcing platform for printers, industry professionals, buyers and design agencies," he added.

The growth opportunity for the Indian plastics industry in the UAE is robust, says Jayesh K. Rambhia, Chairman of Plastivision Arabia 2014 and representative of the All-India Plastics Manufacturers' Association. Insisting that plastic is not an enemy of the environment, Rambhia says it is all about how it is disposed of and recycled that decides the ecological impact. "Plastics reduces the weight of packaging and saves fuel. Plastic replication system saves 90 percent water. In fact, a plastic in healthcare saves health. Everywhere there is plastic."

Though "Say no to plastics" is a slogan imported from America, the US itself uses 100kg plastic per head per year, argues Rambhia. While India is using only 8kg, the Gulf average is said to be 25kg. "Instead of saying no to plastics, know plastics, use it well, dispose of responsibly and grow economically."

Rambhia says even in countries like Germany, Japan and US, it is not banned. "In Germany, there is zero wastage thanks to stringent rules.

Print Pack Arabia is featuring more than 70 exhibitors, apart from two special pavilions from India and China and a knowledge-sharing platform through the Technical Seminars.

Experts point out that constantly evolving market trends and continually evolving technology are some of the challenges facing the industry across the world. At the same time, the potential of print

is broadening, as packaging companies are beginning to realise the benefits on offer in terms of personalisation, customer engagement and integration with online campaigns.

Keeping the requirements of the industry, Print Pack Arabia is featuring technological innovations, designs and products in the field, and exchange technological know-how and expertise, offering competitive prices and top-quality services from a wide range of regional and international distributors and manufacturers.

The Gulf Petrochemicals and Chemicals Association's PlastiCon 2014 is focusing on the growth of plastics conversion both globally and in GCC countries, offering a great opportunity for trade representatives to gain insights into challenges and developments facing conversion today.

The GCC plastics industry celebrated the winners of the GPCA Plastics Excellence Awards 2014, an initiative of the Gulf Petrochemicals & Chemicals Association (GPCA) yesterday.

The awards, sponsored by Sabic, aim to stimulate and reward excellence, creativity and environmental sustainability practices in the GCC's plastics conversion industry.

The winners were honoured at a gala dinner held as part of the 5th International Conference for Plastic Conversion (PlastiCon 2014), taking place at Expo Centre Sharjah.

"With plastics being an ideal packaging material for all sorts of commercial and industrial users, the introduction of Print Pack Arabia will give a new dimension to Plastivision Arabia & Arabia Mold," Midfa added.

Arabia Mold, together with its concurrent Plastivision Arabia, made great impact in the region right with its launch edition in 2012. Arabia Mold also left its mark as a premier international trade fair for mold-making, tooling, design and application development that the regional industry can rely on for all their requirements. Arabia Mold, received a record number of pre-registered visitors, excellent exhibitor response and good visitor turnout. The success can be attributed to the robust demand from core sectors such as medical & pharmaceutical, plastic packaging, building materials, pipeline and the manufacturing & industrial segments. Arabia Mold 2014 will build on the success of the launch edition and aim to cater to the rising demands from regional economies, while cementing its position as a dedicated platform for the regional industry.

Together, the three trade fairs are targeting the plastics, mold-making, printing and packaging industries and are featuring more than 250 exhibitors from across the world, covering a wide spectrum of industries critical to the region.

## સફળ થવા માટે આવી માનસિક તૈયારી રાખજો

એક સફળ નીવડેલા ઉદ્યોગપતિની મુલાકાત થઈ. એ ઓવા સંજોગો હતા કે તેમનો વ્યવસ્થિત ઈન્ટરવ્યૂ લેવાનું શક્ય ન હતું. તેવું થયું હોત તો મનને ખૂબ આનંદ થાત પણ તેમની સાથે ઉપલક વાત થઈ. તે પરથી મેં બે ત્રણ તારણો કાઢ્યાં તે કોઈ પણ હોંશીલાને તરવરાટવાળા જુવાનિયાને પ્રેરક નીવડશે.

૧. તમે એકાંતવાસ માટે તૈયાર રહેશો. કેટલાય લોકોને ઘોંઘાટ અવાજ જરૂરિયાતની બાબત બની ગઈ હોય છે. સદંતર અવાજ રહિતના તેમને અકળાવે છે, ખૂંચે છે. તેથી કાં તો રેડિયો મૂકે છે, ચા ટીવીની સ્વીચ ચાલુ કરી દે છે. કંઈક કાને પડવું જોઈએ. પછી ભલે તે સાંભળવામાં ધ્યાન હોય ન હોય. એ મુદ્દો ગોણ છે. તે કારણ પોતે એકલા પડી ગયા છે એવું તેમને લાગતું નથી.

તો માણસ સફળ થવું હોય તો એક મુદ્દો સ્વીકાર લેવો ઘટે... તેમણે કેટલોક સમય એકલા અટૂલા રહેવા માટે તૈયારી રાખવી જોઈશે. મૌન કે અવાજનો અભાવ એ એક સ્વાભાવિક બાબત ગણી લેવાની. તમે ધમાલિયા ને ઘોંઘાટિયા વાતાવરણમાં હો ત્યારે જરૂરી ચોજના ઘડી શકતા નથી. એકાગ્રપણે વિચાર કરી શકો નહિ. એટલે મિત્રો કે ઘટના સભ્યોથી વિખૂટા પડવાની સ્થિતિને આવકારદાયક ગણાવો. તો જ તમે જે સિદ્ધ કરવા માંગો છો તે અંગે ખલેલ રહિત રીતે વિચાર કરી શકશો. શક્ય હોય તો રોજ પરચીસ ત્રીસ મિનિટ ખાસ એને માટે જ વિચાર કરવા જુદો ફાળવજો.

એનું મહત્ત્વ સમજાવ્યા બાદ એ ઉદ્યોગપતિ એક દ્રષ્ટાંત ટાંક્યું. ‘ હું એક સજ્જનને પિછાનું છું. તેઓ પોતાને મુંઝવતી એક સમસ્યાનો સવાલ કરી, એક ઓરડામાં ચાલ્યા જાય છે. ને બારણું બંધ કરી દઈ,-----એકાંતવાસ સર્જે છે. ને જાણે પુજાપા કરવાના હોય તે પ્રમાણે બેસી જશે. એ હેતુથી કે પોતે તેજ મુદ્દાને એકાગ્રપણે વિચાર કરી શકે ‘આ પ્રમાણે એકલા અટૂલાપણા વીસ પરચીસ મિનિટ વિચાર કરવાની આદત કેળવી છે.

મોટાભાગના લોકો વિચાર કરવા માટે ખાસ સમય ફાળવતા નથી. તો જેમણે કંઈક સિદ્ધ કર્યું છે તેઓ એકલા અટૂલા પડી જવાથી મૂંઝાતા નથી. બલકે તેવી સ્થિતિને અનિવાર્ય ગણે છે.

૨. નવા સંજોગો કે પરિસ્થિતિ માટે હંમશ તૈયાર રહેશો.

એ ખરું કે તમને જે વાતાવરણ ફાવી ગયું હોય તેને છોડવાની ઈચ્છા-----થાય છે. નવી પરિસ્થિતિ કે નવું વાતાવરણ કેવું નીવડશે તે તમે ક્યારેય અગાઉથી જાણી શકતા નથી. તેથી ‘ જાણીતા ’ માંથી ‘ અજાણ્યા ’ સંજોગોથી દૂર રહેવાના પ્રયાસ એ ઘણા લોકોને સામાન્ય ઈચ્છા નીવડતી રહે છે. તો એવી ઈચ્છાને ખંખરી નાખશો. નવા વાતાવરણ કે નવા સંજોગોને હોંશભેર વધાવવાની તૈયારી રાખજો. એવી તૈયાર ન રાખનારા કદી પોતાની ચીલાચાલુ નોકરી છોડીને ધંધામાં ઝંપલાવી શકતા નથી. તમારે કશીક સિદ્ધ મેળવવી હોય તો જૂના મિત્રોજૂની પરિસ્થિતિ કે જુદા અનુભવો માટે તૈયારી રાખવી અનિવાર્ય છે. વધારેમાં વધારે તમે એક અપેક્ષા રાખી શકો

: જૂનો મિત્રોનો સ્નેહ કે પ્રેમ ચાલુનાં ચાલુ રહે.

૩. લોકો તમારે માટે ગેરસમજ જ કરવાના છે તે સ્વીકારી લેજો લોકો જે રીતે વિચાર કરતા હોય તેજ રીતે તમે પણ વિચાર કરતા હો તો તમે એ ટોળામાંના એક બની રહેશો. જે ચલણી વિચારધારા છે તે તમને અંશતઃ ઉપયોગી થાય; ચા ન પણ થાય. એક મુદ્દો નિશ્ચિત તમે ચીલાચાલુ વિચારો કરતાં નોખી રીતે નહિ વિચારી શકો તો તમે સફળ નહિ જ થાઓ. જે લોકોએ પોતાની નામના કાઢી છે તે નોખી રીતે વિચારણા કરે છે માટે ! એક સમયે, કોંગ્રેસના નેતાઓ લોકો સમક્ષ ભાષણો કરતાં પણ ભાષા અંગ્રેજી ન વાપરતા સર ફિરોઝશા મહેતા કે એ કક્ષાના નેતાઓ સભાને અંગ્રેજી ભાષામાં જ સંબોધતા ને તેજ ચીલો પડી ગયો હતો. ત્યારે ગાંધીજીએ નોખી ઢબે વિચાર કર્યો. ‘લોકો આગળ રજૂઆત કરવી હોય તો લોકો જે સમજે તે જ ભાષામાં તમારો સંદેશો આપવો ઘટે’ આ સીધી સામાન્ય વાત હતી પણ તે વરસો લગી કોઈને સૂઝી નહિ. સિવાય કે ગાંધીજીને ! જ્યારે તમે નોખી રીતે વિચાર કરવા માંડશો; ત્યારે લોકો તેનો સ્વીકાર કરશે પણ નહિ; તરતને તરત તો નહિ જ. ગાંધીજીએ અહિંસા દ્વારા સ્વરાજ્ય પ્રાપ્તિનો વિચાર વહેતો મૂક્યો ત્યારે અસંખ્ય લોકોના મગજમાં ઉતરવા પામ્યો ન હતો. અનેક લોકોએતેને ‘બાપલાપણા’ ની નિશાની ગણી લીધી. બીજા શબ્દોમાં કહું તો લોકોએ તેને વિશે ગેરસમજ કરી લીધી. અહિંસા એ બળવાન લોકોનું વિરોધ કરવાનું સસ્ત્ર છે, એ સમજતાં સમજતાં અનેક વરસો વીતી ગયાં. કારણ કે, ગાંધીજીએ ‘અહિંસા’ માં જે જોયું હતું તે લોકો નિહાળી શક્યા નહોતા.

તમે કોઈ નવું સાહસ કરો છો ત્યારે તેની સફળતા પાછળ તમારા મનમાં ચોક્કસ ગણતરી હોય છે. ને લોકો કદી સમજી શકતા નથી. એટલે તમારા ‘ચક્ષુપણું’ ગણી લે તેમાં નવાઈ નથી. મેલિલિયોએ ટેલિસ્કોપની શોધ કરી. તેની મદદથી આકાશમાં નિરીક્ષણ કરતાં સમજાયું કે પૃથ્વી સૂર્યની આસપાસ ગોળ ગોળ ફરે છે. તો તે સમયના ધર્મધ પુરુષોનો ચોક્કસ ખ્યાલ હતો કે પૃથ્વીની આસપાસ ધૂમી રહ્યો છે. તેમણે ગેલિલિયોને પવિત્ર ધર્મગ્રંથોનો અનાદર કરી રહ્યો છે. એવો આક્ષેપ મૂકી તેનું જીવંતર અસહ્ય કરી મૂક્યું. તમારું સાહસ શ માટે સાચું છે તેની સમજ તમે જ સમજવા પામશો. અન્ય લોકો નહિ તેથી તમને ‘મૂરખ’ અને ‘ગાંડા’ તરીકે ઉતારી પાડે તો તે માટે તૈયારી જ રાખજો.
